PLTA Survey

Below is a list of questions that would be helpful to get information on for direction of PLTA. Please take a few minutes and fill out and email back to PLTA@bedfordtech.com or Fax to 507-372-5726

1. Are you interested in having educational / informational speakers at the meetings? If so, what subjects do you suggest.
2. Do you have interest in completing the specification for structural plastic lumber?
3. Do you have interest in completing the specification for plastic pilings?
4. How can the PLTA promote recycling to increase availability of recycled plastics?
5. Are you willing to get more involved in the PLTA organization?
6. Have the ASTM documents developed in the past been helpful in your business?
7. Are you willing to financially support a person to work with the ASTM organization to keep the standards current as necessary?
8. Other areas of direction you think the PLTA should take?
9. Other feedback?
10. Are you willing to attend the next PLTA meeting in November to work on direction for PLTA and ASTM duties?

Please return by September 22^{ed}
